QUARANTIME 

The Quarantime Company is a fellowship for everyone who feels in the mood for a change of life. Every year the statistics prove that more and more people get caught in time, they lose their bodies in time and later on they are diagnosed as suffering from burnout. We're free to tell you that time is not why we live - it's not our path! God didn't say that we should be slaves of time. Every friend of QT is a free person who lives without timetroubles and timetables. We enjoy our lives, we keep up the good things in life! We don't believe that a break-up or the death of a beloved person should stop our own timeline. Friends of QT know how to handle such negative energy and transform it into good vibrations. We give you a special feeling of reliability, because time passes too fast. Everyone is an individual, every human being is special. You are special, you're one of god's creations.

QUARANTIME 

“If we walk in the light, as he is in the light, we have fellowship one with another.” (1Jo 1,7) As a matter of fact our fellowship believes that god sends us his light.

“And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters. And God said, Let there be light: and there was light. And God saw the light, that it was good: and God divided the light from the darkness. And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.” (Genesis 1:2-5 KJV)

Bad companies exploit the earth and cut down the (rain) forests for their own immortal enrichment. They destroy the world! The Earth is heating up. The early warning signs of global climate change are in - heat waves and warmer weather, spreading diseases, earlier spring arrival, volcano ash clouds and tsunamis.

QUARANTIME 

But the destruction of the world has fallouts, the darkness grows. We believe that god wants revenge and that's why he sends us a light that changes the world and our paths. But we are prepared for that change. It's a spiritual light, a light that keeps us on god's path if we use it the right way. We share our knowledge about this special gift with all friends of QT - there are no secrets among the fellowship. We know that the light can be bad, if you use it wrongly, but we have safe spaces behind the light. As a friend of QT, you don't have to worry about good and evil - you only have to live your life!
